

The 7th Israel-China Hi-Tech Investments Summit

Messila Haifa 2018

Nov. 18-20 | Dan-Carmel Hotel, Haifa, Israel

Haifa Municipality, Haifa Economic Cooperation (HEC) and Messila – Medical Startup Academy are proud to hold the 7th China – Israel High-Tech Investment Summit.

Israel and its innovative industry are a target for Chinese investments. On the other hand, Israeli startup companies are seeking for investments.

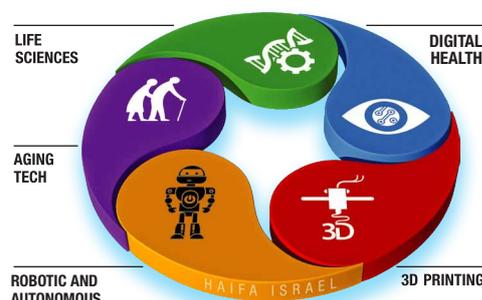

The summit aims to encourage commercial and technological corporation and to promote investments between China and Israel.

The summit grants tech companies and investors alike the opportunity to meet, understand their respective needs, and discuss business potential that transcends international borders.

The organizers are setting a platform that will expose 50 Israeli startup companies to investors through B2B meetings.

The companies are in various fields, primarily Smart Cities; Medical Devices; Agricultural Technology and Cleantech; Internet and Mobile; Advanced Manufacturing and several additional fields, which attract significant interest from Chinese investors.

The summit's organizers intend to publish the profiles of the participating Israeli companies in Chinese media channels, in order to strengthen the investors' interest and prepare the ground for business meetings which will be held during the conference.
